RE: ABORIGINAL HERITAGE INVESTIGATION REPORT

AHTP3451 - Overland Track Redevelopment Project - Waterfall Valley - Cradle Mountain

To Whom it May Concern ,

Aboriginal Heritage Tasmania (AHT) has reviewed the Aboriginal heritage investigation report for the proposed Waterfall Valley and Lake Windermere campsite upgrades by Consulting Archaeologist Stuart Huys, and can confirm that this report meets the standards set in the *Guide to the Aboriginal Heritage Assessment Process*.

AHT therefore acknowledge the findings of the investigation that;

- no sites were found within the study area and therefore no sites will be impacted

The Consulting Archaeologist's recommendations that;

- The unanticipated discovery plan be followed in the event that heritage is located

is considered by AHT to be warranted.

Following the above mitigation advice, no Aboriginal heritage should be impacted by the proposed project, and therefore AHT have no objections to work proceeding.

Please be aware that all Aboriginal heritage in Tasmania is protected under the *Aboriginal Heritage Act 1975*. If at any stage during development works you suspect Aboriginal heritage may be damaged, cease works immediately and contact AHT for advice.

If you have any queries please do not hesitate to contact AHT.

Kind regards,

Emily Smith
